LIFE

In this year's issue we take a look at the events of a year to remember, with photographic rememberances of Joyner Building.

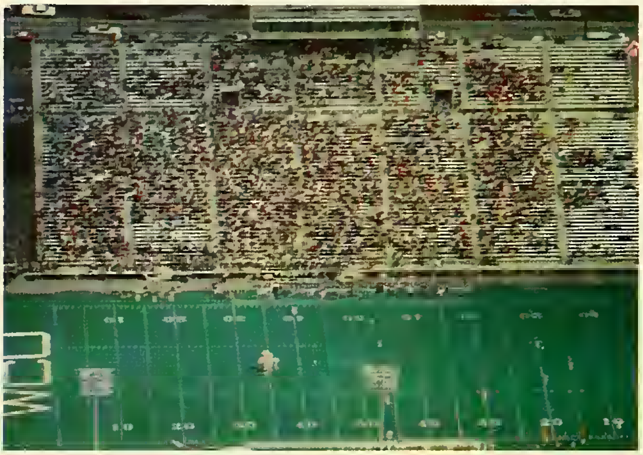
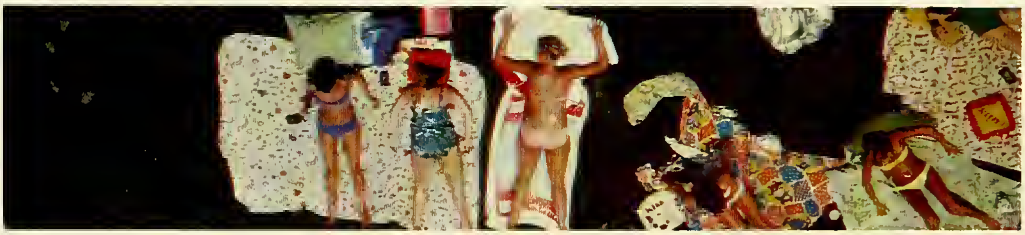
There are quite a few things to do in Cullowhee on a beautiful Saturday afternoon, you can hug a "Catamount," take in a football game, enjoy the scenery, or catch a few rays on Scott Beach.

LIFE

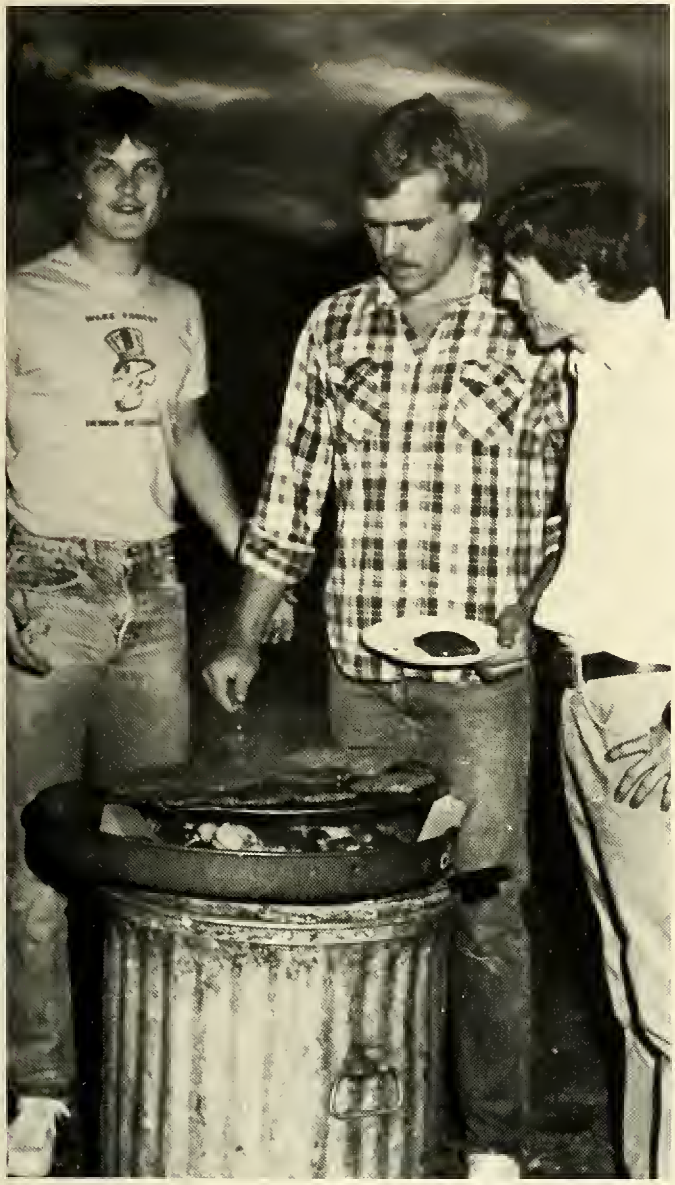
1980-1981





Around Campus
Camera at Work
A New Face
Smile
People and Places

But there are not quite so many things to do on a Saturday night, except party . . .



Garbage can cook outs, "traying" in the snow, or taking in a movie on the UC lawn; this is campus life in Cullowhee.

World of Campus Life

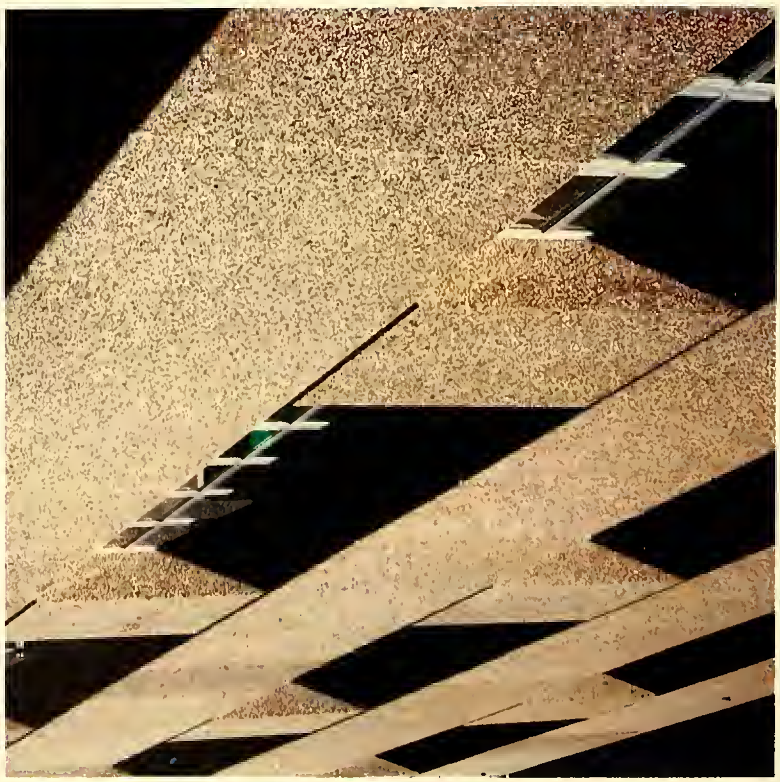
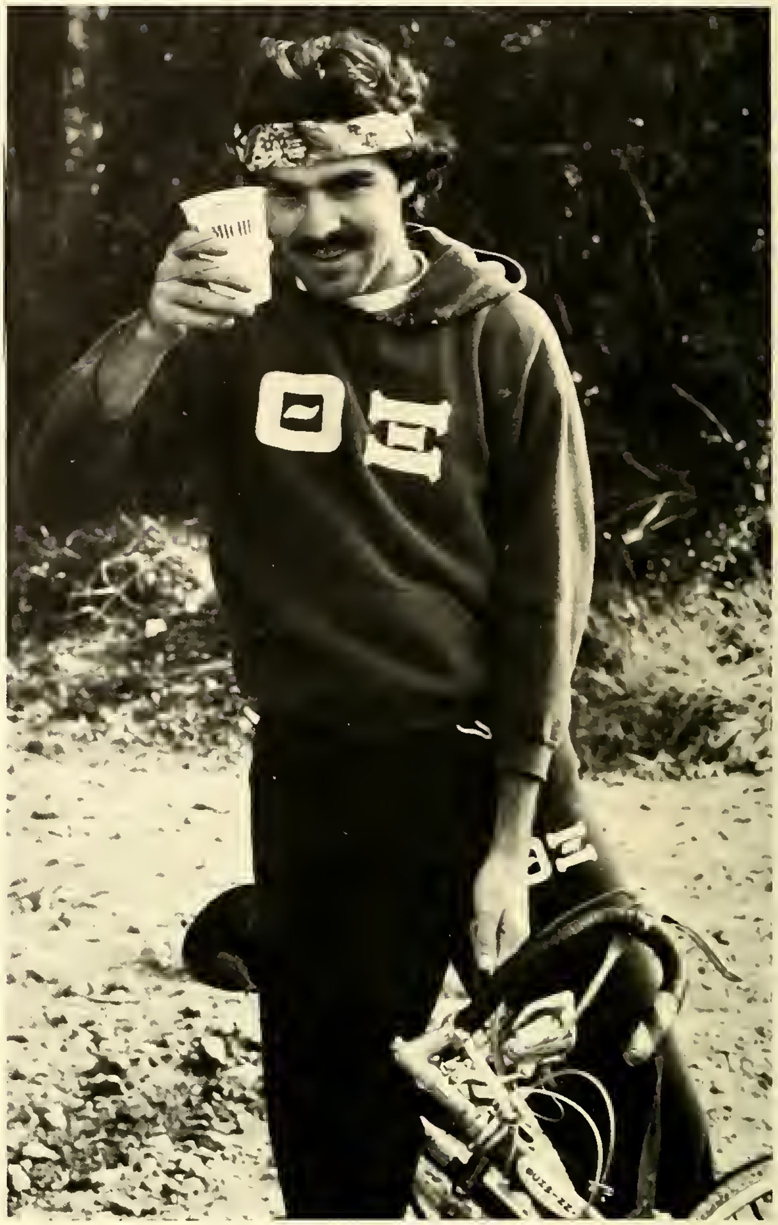
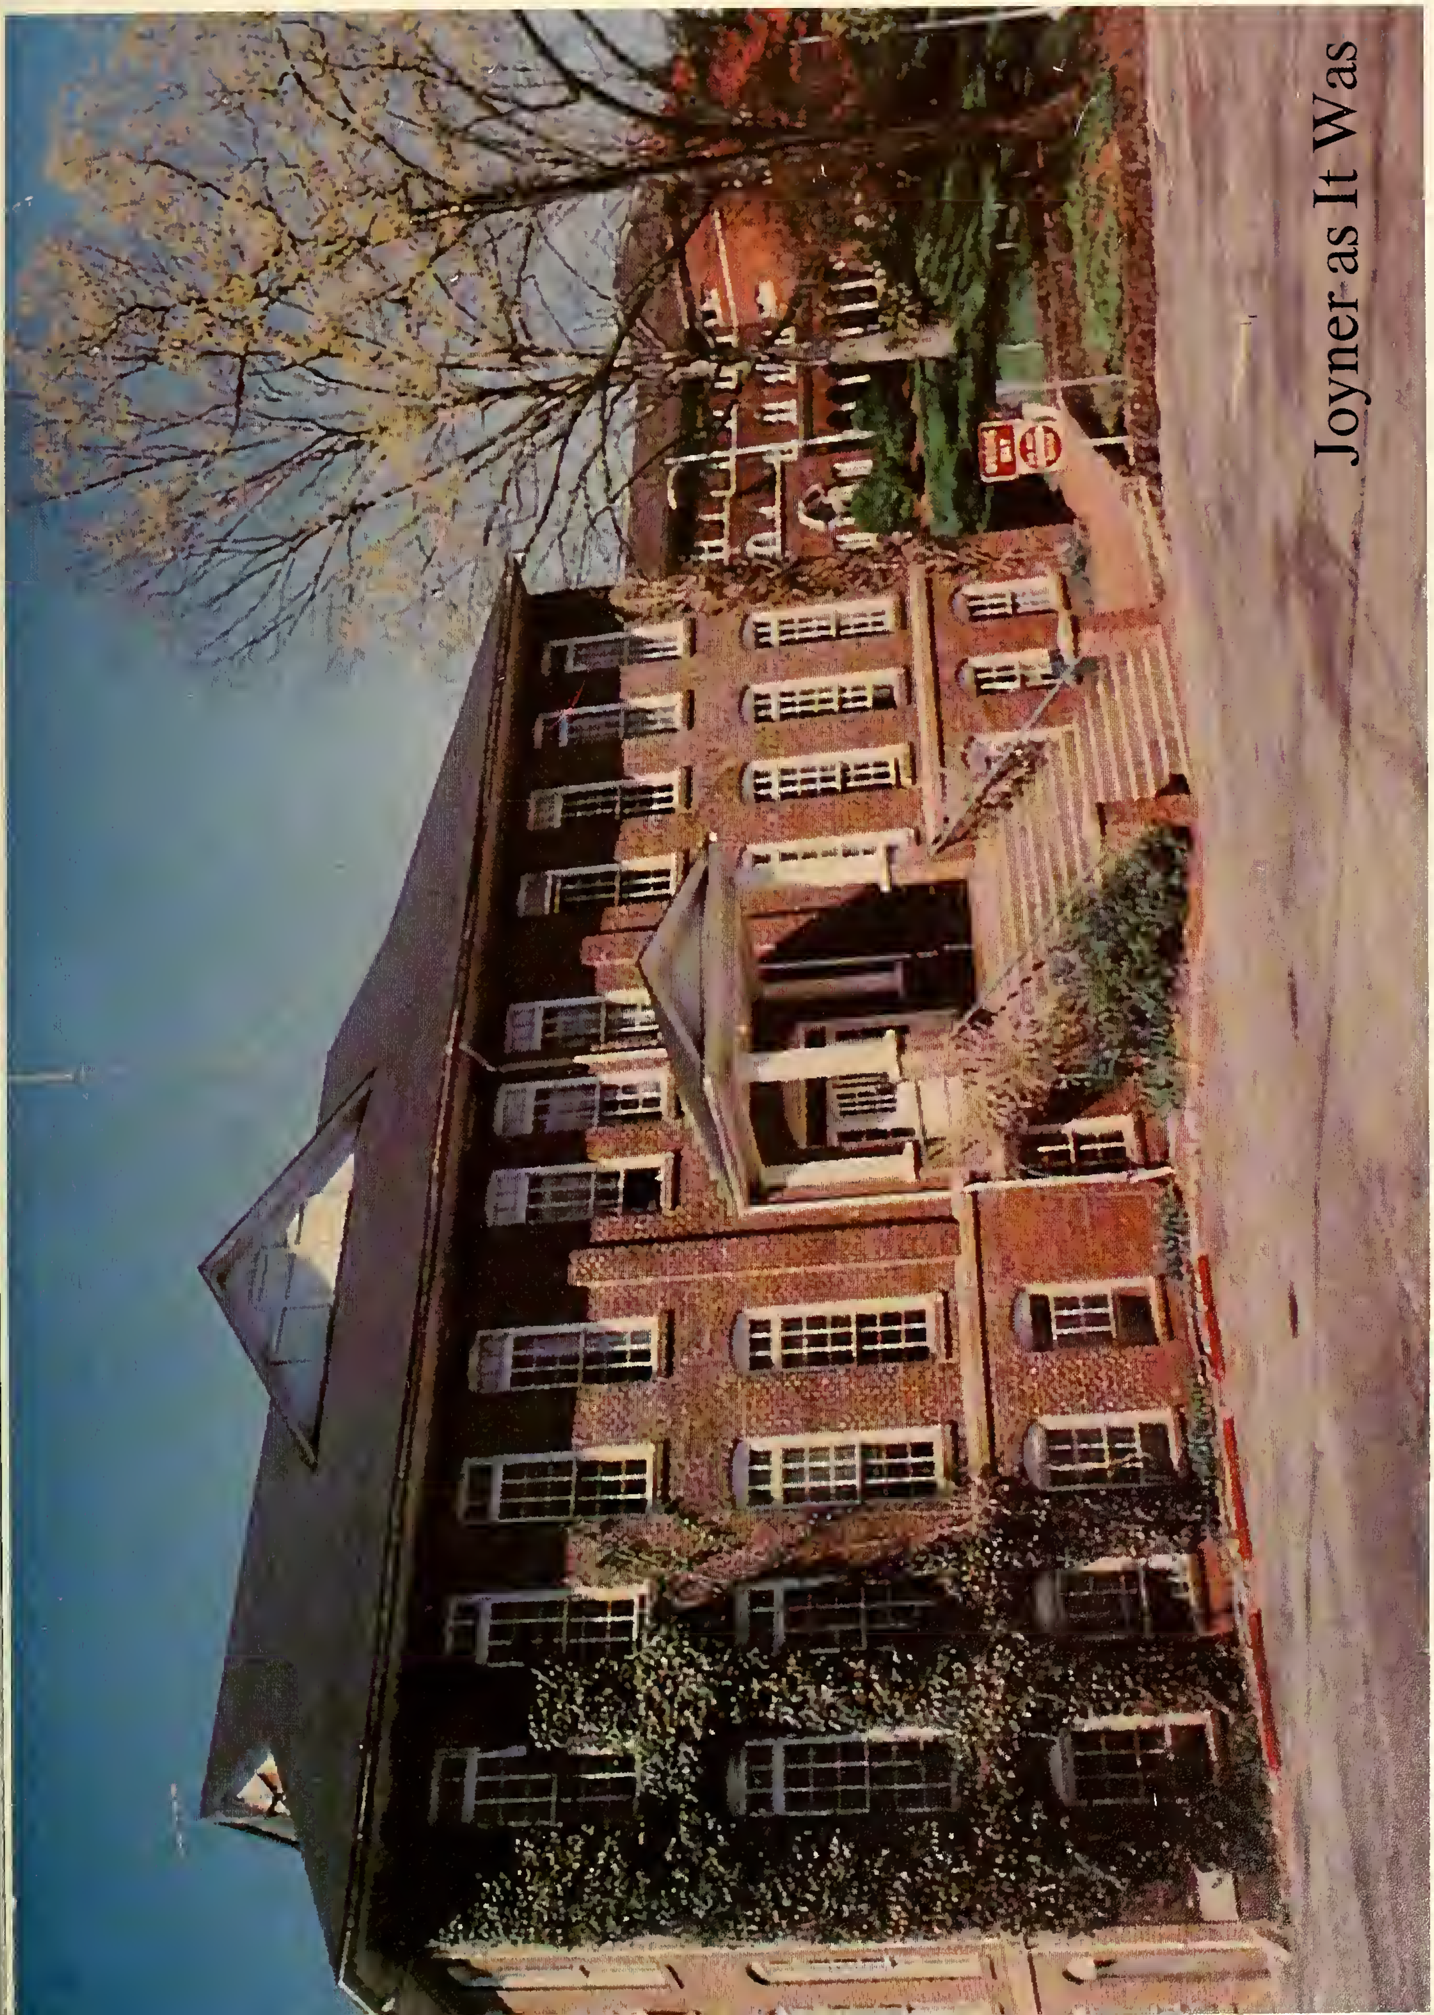
Where Else but
WCU

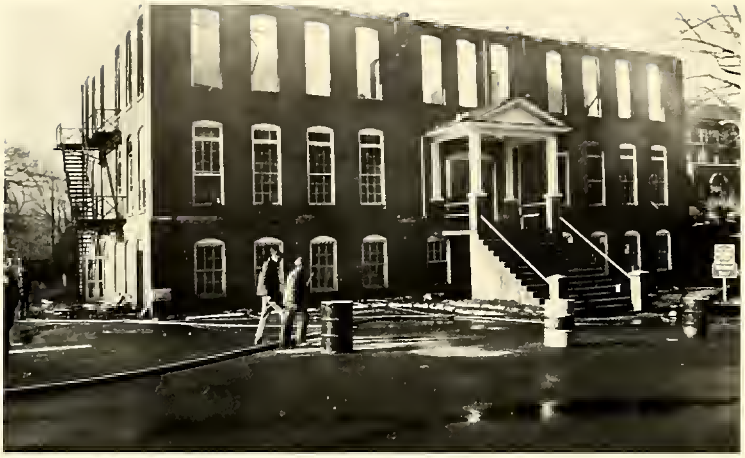


This Place Does Strange Things to People!





Joyner as It Was



On January 15th in the early hours of the morning Joyner Building burned. Many grieved over the loss of the oldest building on campus, and a part of the history of Western burned along with the building. Joyner housed the Catamount Staff, The Western Carolinian, Circle K, and Alpha Phi Omega.

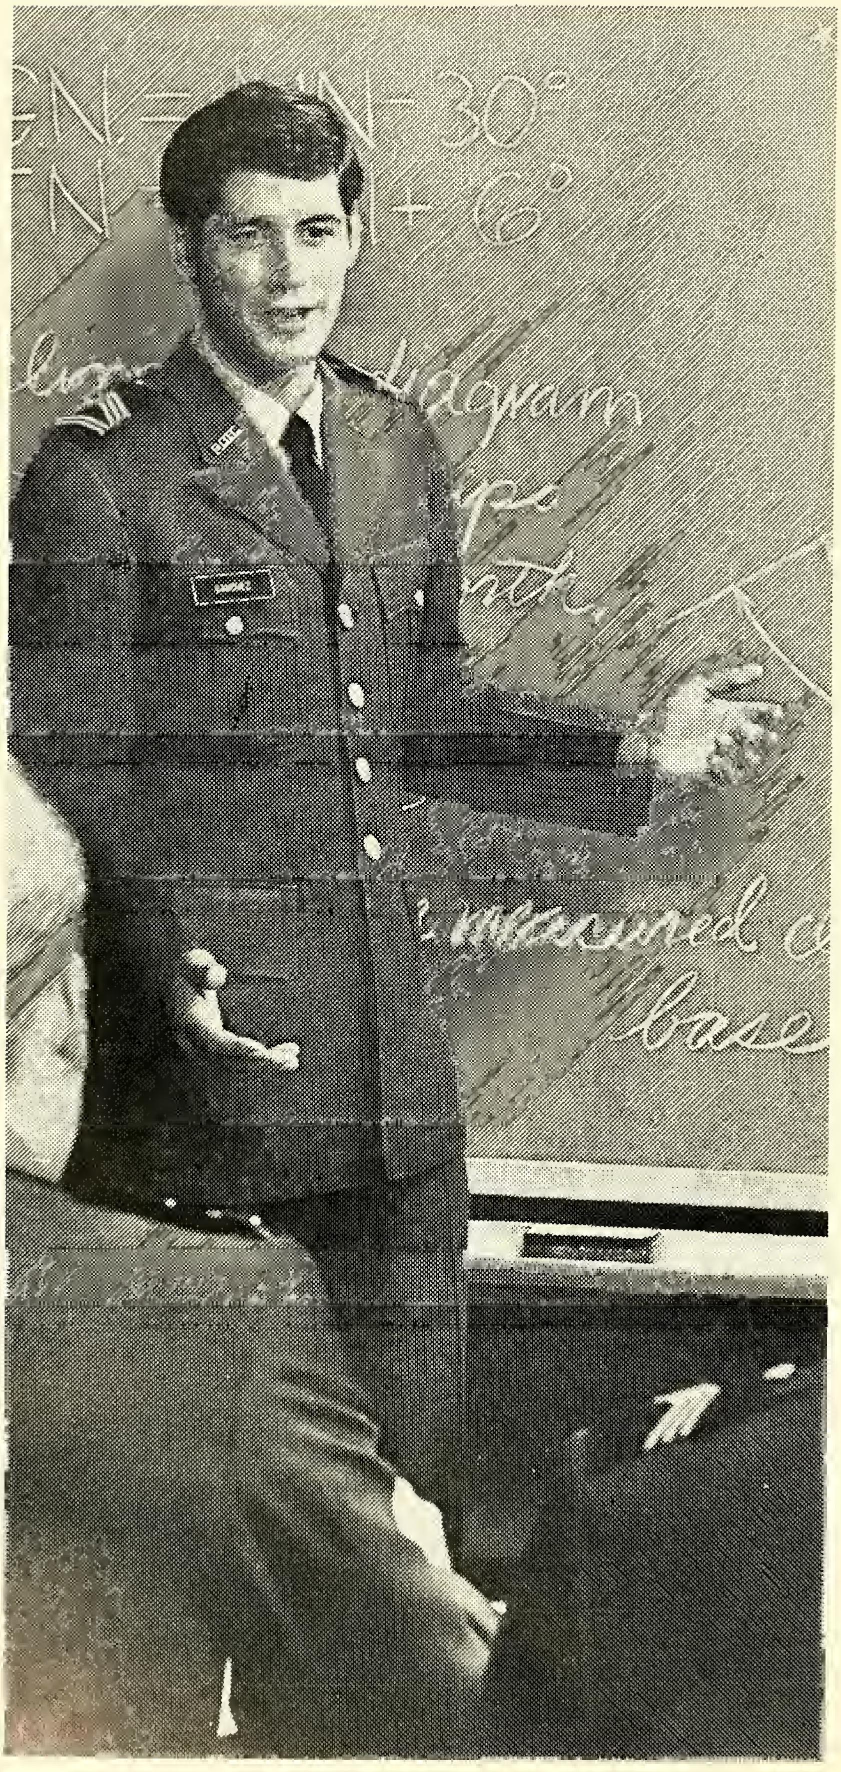
What Do You Want From College?



Management Experience? Add It To Your Schedule.

College military science courses are courses in leadership development. You learn techniques involved in the management of resources. Techniques that are applicable to any management job. Another important leadership characteristic is interpersonal relationships. Things are accomplished by people and the kind of relationship established goes a long way in determining your success as a leader. Whether you intend to become a manager in a military or civilian career, Army ROTC can give you a competitive edge.

You can take the first courses as a freshman or sophomore without obligation. Advanced courses, in your junior and senior years, lead to a position of responsibility as an officer in the active Army, Reserves, or Army National Guard.

Don't wait until after college to get practical management experience. Add leadership to your class schedule now.

The cold nights of early December brought about the death of John Lennon at the hand of an assassin's gun. And with the new year came a new president with hope for the 80's. His hopes were nearly shattered as an assassin named Hinckley fired shots at our new leader and brought about near fatal wounds. But, Reagan recovered and his hopes for America are still alive. As the Reagan era began, so did the era of government cutbacks and economic reforms. Perhaps the hardest of these cutbacks for students to accept concerns financial aid for students. The hostages were released and returned home to a hero's welcome, but the struggle for power in Iran continues.

Cullowhee remained pretty much the same during the academic year 1980-81. The peacefulness of the valley was seldom interrupted, but the few interruptions suffered were fatal. Homecoming weekend proved to be one filled with tragedy as seven students lost their lives in automobile accidents. A dreary, sedate night became the scene of another tragedy as Joyner burned. But this time the losses were only materialistic.

As Joyner burned, so did many campus organizations — including The Catamount. It looked for a time, as if the publication of The Catamount would be impossible. But somehow with the help of many interested people we were able to meet our deadlines. I would like to thank *Harry Duke* and *Rick McDaniel* for their efforts this summer in getting together last minute photographs so we could meet our deadlines. Also, I would like to thank *Jim Buchanan* and *Tim Thompson* for their help in getting our offices together. There are others whose help has been invaluable — among them *Lisa Yates, John Kinney,* and *Cindy Hooper.* I would also like to thank *Dick Henson* for his many long hard hours of work on this yearbook. And, of course I wish to thank *Dr. Glenn Stillion,* without his guidance this publication would not have been possible.

So here it is the 1981 Catamount, hope you enjoy it.

Elizabeth D Mullis

Elizabeth D. Mullis, Editor
